| • Git Version Control (1 year)      | • Drupal 8 (3 months)                   |
| • Express JS / Node JS (6 months)   | • React JS (1 year)                     |
| • Browser Debugging (2 years)       | • NoSQL - MongoDB / Firebase (6 months) |
- 

### *Recent Work Experience*

---

**May 2021 – Present:** Junior Web Developer, VERB Interactive (Full -Time)

- Built and maintained Front-End components of 6 different Drupal 8 websites.
  - Updated and wrote backend pre-processing code for Drupal hooks.
  - Used Jira and Slack to manage project tasks with other team members, QA, Design and Accounts.
  - Technologies used: Drupal 8, Twig, Sass/CSS, Javascript, jQuery, PHP.
- 

### *Projects (Volunteer, Personal and School)*

---

**Nova Scotia Community College IT Job Fair Website (Sep 2020 – Present):** A website serving as an advertisement for the annual NSCC IT Job Fair with CRUD functionality for registering students and businesses for the event.

Technologies: PHP, Laravel, MySQL, HTML, Bootstrap, Javascript, Git

Link to Project: <https://itjobfair.ca/>

**Covid-19 Tracker (June 2020 – July 2020):** A single-page web app which pulls Covid-19 JSON data from a remote API and displays it to the user. It also allows a user to select a country which will then display the country-specific Covid-19 stats.

Technologies: React JS, Fetch API, Bootstrap

Portfolio: <https://kellyjchin.netlify.app/>

**Battleship Browser-Based Game (Apr 2020 – May 2020):** A browser-based, simplified clone of the once-popular video game, Battleship.

Technologies: Vanilla Javascript, HTML, CSS

Link to Project: <https://battleshipv1-kellychin.netlify.app/>

**NSSC Chat (Jan 2021 – Apr 2021):** A chat app clone, like Slack with CRUD and authentication functionality. Allows users to create an account, log in and chat with other users in groups or channels.

Technologies: Firebase, React JS, Bootstrap, Material-UI, Git

Link to Project: <https://nssc-chat.web.app/signin>

---

### *Other Work Experience*

---

**Mar 2019 – June 2021:** Staffing Coordinator, Carecor (Part-Time)

- Worked with a team of 7 staffing professionals to increase shift fill rates by 5% over 3 months, increasing revenues as a result.
- Filled an average of 500 shifts on a weekly basis (worth approximately \$200,000 of company revenue) with the staffing and recruitment team.

---

### *Education*

---

**IT Web Programming, Nova Scotia Community College (Sep 2019 – Present)**
