 - NoSQL - MongoDB / Firebase (6 months)
-

Education

IT Web Programming, Nova Scotia Community College (Sep 2019 – Present)

Projects (Volunteer, Personal and School)

Nova Scotia Community College IT Job Fair Website (Sep 2020 – Present): A website serving as an advertisement for the annual NSCC IT Job Fair with CRUD functionality for registering students and businesses for the event.

Technologies: PHP, Laravel, MySQL, HTML, Bootstrap, Javascript

Link to Project: <https://itjobfair.ca/>

Covid-19 Tracker (June 2020 – July 2020): A single-page web app which pulls Covid-19 JSON data from a remote back-end database and displays it to the user. It also allows a user to select a country which will then display the country-specific Covid-19 stats.

Technologies: React JS, Fetch API, Bootstrap

Link to Project: <https://covid19-tracker-kellychin.netlify.app/>

Battleship Browser-Based Game (Apr 2020 – May 2020): A browser-based, simplified clone of the once-popular video game, Battleship.

Technologies: Vanilla Javascript, HTML, CSS

Link to Project: <https://battleshipv1-kellychin.netlify.app/>

NSSC Chat (Jan 2021 – Apr 2021): A chat app clone, like Slack with CRUD and authentication functionality. Allows users to create an account, log in and chat with other users in groups or channels.

Technologies: Firebase, React JS, Bootstrap, Material-UI

Link to Project: <https://nssc-chat.web.app/signin>

Social Media Clone (Sep 2020 – Dec 2020): A social media clone, like Twitter with CRUD and authentication functionality. Allows users to create an account, log in and create short blog-post like content.

Technologies: Laravel, PHP, MySQL, Bootstrap

Work Experience

Mar 2019 – Present: Staffing Coordinator, Carecor (Part-Time)

- Worked with a team of 7 staffing professionals to increase shift fill rates by 5% over 3 months, increasing revenues as a result.
- Filled an average of 500 shifts on a weekly basis (worth approximately \$200,000 of company revenue) with the staffing and recruitment team.

Mar 2016 – Feb 2019: Staffing Coordinator, Paladin Security (Promoted on Nov 2018 to Staffing Supervisor)

- Trained and oversaw a team of 3 Staffing Coordinators on day-to-day operations to maximize fill rates, increasing company revenue as a result.
- Established and managed the work schedules of over 100 full and part-time security guards across Nova Scotia.
